

Invitation for Expression of Interest for Bagasse

23 Co-operative sugar mills are operational in Uttar Pradesh having total sugarcane crushing capacity of 65425 TCD. Sugarcane bagasse is the major by-product of the sugar cane industry. Due to its abundant availability, it can serve as an ideal substrate for the production of value-added products.

Call for Proposals:

U.P. COOPERATIVE SUGAR FACTORIES FEDERATION LTD., Lucknow invites all interested firms/startups to submit their proposals with short presentation for utilizing old bagasse having low calorific value for production of value-added products. Please send your proposal with short presentation to our email: gmtechfed@gmail.com; upsugarfed@yahoo.co.in by 30 August 2024.

Next Step:

Following our review, we will invite suitable firms/ startups for 30 minutes discussion. This session will be scheduled via email and can be conducted through video conferencing or in person at our office.

Office Address:

U.P. Co-operative Sugar Factories Federation Ltd. 9-A, Rana Pratap Marg,
Lucknow
